CAPABILITY STATEMENT

WWW.SBSENVIRONMENTAL.COM

SBS is a certified Woman-Owned Business that has been in business since 2007. SBS specializes in Environmental Staffing Services and partners with other environmental industries to support workforce needs by providing certified experienced professional workers dedicated to keeping the earth safe and running efficiently with quality craft. SBS stands out from other staffing companies because we offer a specialty service. We comply with EPA, DOT, and OSHA policies and regulations. Our personnel have years of environmental staffing experience. Therefore, our staff knows that your projects require more than a hard hat, boots, and safety vest.
